or Click here now! Here at Contact Solar we provide domestic solar, commercial solar and battery storage solutions. Our solar panel installers cover a number of areas including Ashford and Medway Town in Kent, Essex, Leicester, Cambridge, Oxfordshire, Cheshire, Lancashire, Yorkshire and Cumbria.

Do solar panels need maintenance?

Solar panels don't need a lot of maintenance, but an annual service is recommended to make sure everything is ticking over as it should. In this guide, we'll help you find approved solar panel servicing companies near you, simplifying the process of hiring a trusted expert you can rely on.

Should solar panels be serviced by a professional?

Solar panel servicing should be carried out by an experienced professional for a number of reasons. Working at height can be dangerous without proper training and electrical systems should only ever be serviced by a qualified professional. Plus, if an amateur meddles with your solar panels, it could affect your warranty.

How much does solar panel servicing cost?

Solar panel servicing costs typically range from £100 to £200. That said, the exact cost of solar panel servicing will vary depending on your provider, how many solar panels you have and what type they are. Head over to our solar panel maintenance cost guide to learn more.
