Solar Powered Solar Street Light Price

Frequently Asked Questions

What is a solar powered street light?

LED Lighting Solutions' 15W Solar Powered LED Street Light is a part of the Pro street lighting series. This product comes with an integrated solar panel, bright LED lights, integrated solar rechargeable battery and motion activation sensor, making this an eco-friendly and efficient product.

How much do solar street lights cost?

This considers costs for components, installation, maintenance, and electricity bills. During the 15-year lifespan, traditional lampposts cost around \$12,000. Solar street lights with motion sensors or different models, only cost around \$5,000-\$6,000 for that same period, making them cheaper and more cost-efficient.

Are solar street lights energy-efficient?

Solar Powered Street Lights Being energy-efficient isn't just about making changes around the home. At Dragon Breath Solar, we provide a range of products including solar street lights that can be installed across the UK. Our outdoor solar lights are...

Do solar street lights work in the UK?

Our outdoor solar lights are manufactured using the latest high-performance LED chipped units and they can perform during both summer and winter. Solar street lamps can be programmed to consistently operate (from dusk until dawn) at any location in the UK so the area can remain safe while conserving energy. Do you need a specific bespoke design?

Are solar street lights the future of public lighting?

Solar street lights are a practical and convenient solution to replace old public lighting, and they are the future of public lighting. Solar street lights reduce costs in the long run, require low maintenance, can be installed in areas with no electrical infrastructure, and deliver many other benefits.

Why should you use a solar powered street light unit?

These are designed to cut the excessive use of mains power that is currently being diluted from the national grid system to power existing sodium street light units. By using one of our solar powered light units, you will help to make existing urban light polluting Sodium Street lighting obsolete and a thing of the past.
